Member or Policy Number: DEMO-NCCP-4482-771

Coverage Notes: Fictional plan; administrative eligibility has not been verified

Patient-Reported Conditions and Allergies

All fields below are fictional, self-reported training text. Harborview must display them as extracted/unverified. The proof must not interpret, diagnose, triage, or recommend treatment from this text.

PATIENT-REPORTED CONDITIONS

Patient-reported conditions: Recurring migraines reported since university; seasonal nasal allergy symptoms; intermittent lower-back stiffness after desk work; history of childhood asthma reported as inactive; occasional sleep disruption during high-stress periods; motion sensitivity during long ferry travel; dry skin reported during winter; prior ankle sprain with occasional stiffness after extended walking.

PATIENT-REPORTED ALLERGIES

Patient-reported allergies: Penicillin reported rash in childhood; pollen sensitivity reported each spring; adhesive tape irritation reported after prior procedures; fragrance sensitivity reported in enclosed spaces; no food allergy reported in this fictional sample.

SOURCE WORDING AND VERIFICATION

Verification Status: Not verified - copied from a fictional patient-provided source document
Administrative Follow-up: Confirm spelling, dates, and whether the list is current during a verified staff intake

Patient-Reported Medications and Procedures

PATIENT-REPORTED MEDICATIONS

Patient-reported medications: Cetirizine 10 mg as needed during allergy season; ibuprofen 200 mg occasionally for self-reported headache discomfort; vitamin D supplement daily; magnesium glycinate in the evening; saline nasal spray as needed; topical fragrance-free moisturizer; no prescription medication list confirmed in this fictional sample.

PATIENT-REPORTED PROCEDURES

Patient-reported procedures: Appendectomy reported in 2007; wisdom-tooth extraction reported in 2010; physical therapy course for lower-back stiffness reported in 2021; dental crown replacement reported in 2023; ankle imaging after a recreational sprain reported in 2019; routine vision examination reported in 2025.

SOURCE CHRONOLOGY

Most Recent List Review: Patient reports reviewing this fictional list on 2026-08-20
Outside Documents Mentioned: No outside report is attached beyond this fictional training packet

Administrative Review Notes and Proof Instructions

PATIENT-REPORTED CONTEXT

Patient-reported context: Works primarily at a desk; prefers morning administrative calls; requests plain-language appointment instructions; uses email for routine reminders; asks that emergency contact details be confirmed before any record is created; reports no accessibility accommodation request in this fictional packet.

REGISTRATION CHECKLIST

- Identity Check:** Not completed
